Option 1: HospitalityCast Basic

This option offers Chromecast-based casting, with a static landing page that meets your brand standards. It is compatible with any TV that has an HDMI port and can be integrated with your existing solutions and with many PMS solutions. There are multiple options for pairing guest devices to their in-room TVs, with no need to enter guest login details on TV. Our solution offers support for a wide variety of popular apps, including Hulu, Netflix, Disney+, ESPN, HBO, YouTube, Sling, Spotify, and hundreds more.

Option 2: HospitalityCast Dynamic

This option offers all of the functionality of the Basic solution but also includes additional options for customization of your landing page with dynamic content. For example, you can include content such as a welcome message, custom video for your hotel or your local area, live weather information, and links to casting and other available options such as live TV content. The background, logo, and other features can be designed to meet your hotel's needs and your brand standards.

Option 3: HospitalityCast+

This option offers a way to bring multiple viewing options together into a single customizable and fully interactive interface for a higher-end guest experience at a lower cost. The solution ties together your existing content providers with casting and other options to offer your guests an experience that's more like home. HospitalityCast+ is also Chromecast-based and TV- and provider-agnostic. This solution can work seamlessly with any TV remote, or even with a mobile web-based remote that can run on your guests' own devices.
